

Vision

A leading academic family health team that improves the health of our community

Mission

We provide comprehensive primary health care services to our community that are innovative, collaborative and Interprofessional.  
We commit to excellence in training health care professionals of the future.

Our Values

- Patient Focused
- Teamwork
- Innovation
- Commitment
- Quality
- Education
- Accountability
- Inclusive
- Communication

Strategic Goals

Transform our patients' experience to support individuals taking charge of their own health and accessing the health professionals they need

Organize and deliver primary health care services in a way that is consistently patient-focused, team-based and collaborative

Demonstrate a strong commitment to quality and safety and monitor our continuous improvement

Leverage resources in the community to take "the patient through their journey" and to better understand community needs

Respond to specific health system priorities and participate in population-based health care planning

Foster an innovative Interprofessional learning, teaching and research environment
